

important information

All prices include VAT.

We do allow self-collection of décor items. However, to ensure that all furniture arrives in perfect condition, self-collection and self-delivery of furniture pieces are unfortunately not permitted, unless arranged otherwise.

Our team takes special care to professionally wrap, strap, and handle each item to minimise the risk of damage during transit.

We appreciate your understanding & are happy to assist with delivery arrangements to ensure your items arrive safely.

Please note that any damages resulting from insufficient wrapping, strapping, or handling during self-transport will be for the client's account, including any replacement or refurbishment costs, we reserve the right to query transport methods.

Delivery options are available at an additional cost.

Please note that certain items may require additional labour, installation, or electrical connections, which will be quoted separately where applicable.

Kindly note that we operate within an industry where many of our products are delicate and, in some cases, one of a kind. While we always strive to provide the exact items selected, certain products may occasionally become unavailable by the time your order is processed. Should this happen, we reserve the right to substitute the item with a similar alternative of equal quality and aesthetic value.

Items marked with a star are subject to stock availability and may require quantity confirmation before quoting.

For more info, please refer to our Terms & Conditions

Collection & Return Times

Returns for weekend events:

Monday: 08:15 – 16:30

Tuesday: 08:00 – 13:00

Collections for weekend events:

Thursdays: 09:00 – 16:30

Fridays: 08:00 – 16:00

Weekday events:

Collection times will be discussed with you personally!

Same-day orders & collections

A R250 rush fee will be applied, since we'll need to pause everything to make your order extra special just in time!

Little reminder

Please make sure orders are returned on time — late returns will incur a penalty fee, as we need to prepare everything for the next set of events.

When placing your order, please don't forget to mention your event date, collection date as well as return date, it really helps us plan & prepare everything perfectly for you.

Thank you so much for understanding & for keeping us so busy (we love it!)

You're the reason we do what we do!

Courier Services

We make use of an independent third-party courier company for all deliveries & collections.

While we will do our utmost best to ensure your order is dispatched on time, we accept no responsibility or liability for any courier-related delays, failed deliveries, or orders that do not arrive in time for your event due to circumstances beyond our control.

Dispatch of Orders

- Orders requiring courier delivery will be dispatched by close of business on the Tuesday before a weekend event,
- Once your order is packed & ready, you will be notified so that you can arrange and book your preferred courier collection.
- Please note that should you book a PUDO, the collection should be from our warehouse, not a PUDO locker deposit.

Breakages and Damage in Transit

- All goods travel at the client's risk once collected by or handed over to the courier company.
- Should any items be lost, damaged, or broken during transit, the client will be responsible for the full replacement cost of the affected items.

Return of Hired Items

- All couriered rental items must be sent back via courier to our physical address on the first business day immediately following the event (e.g. Monday for weekend events), unless otherwise agreed in writing.
- A copy of the courier waybill/tracking number must be forwarded to us once the parcel has been dispatched.
- Failure to courier back the items by the required deadline may result in late return penalties and/or additional rental charges until the items are received.
- By making payment to your invoice, you acknowledge that you have read, understood & agree to these courier terms & conditions.
